Dismantling the Mirror of the Tube Torus Part 3

The 33 Principles of the Self-sovereign Creation of an Evolved Reality

1. Creating a chosen field of hope (a field of glad expectations) by opening the vision of the third eye and the heart.
2. Holding the space for new creations through effortless intent.
3. Willingness to be amazed at bounteous and miraculous manifestations.
4. Feeling the flow of the never-ending river of life through your veins.
5. Allowing your divinity to birth the quality of your experiences by standing on the edge of time and space.
6. Participating in the epic drama of the endless unfoldment of Infinite Expression.
7. Releasing the illusion of aloneness as the fullness of eternity pours through our hearts.
8. Never-ending vitality from the exhilaration of perpetual alchemical combustion, creating endless possibilities and resources.
9. Willingness to be the vessel of, and participant in, the profoundly magical manifestation of a majestic and glorious existence.

10. Being the fluid stability of the causal point and epicenter of life as the Infinite's Intent flowing through me.
11. As the portal of eternal luminosity, I dwell in the perpetual environment of unstoppable benevolence.
12. Discovering the evolving greatness of my individuation, by the Infinite Intent I articulate on the unfolding journey.
13. Perspective as the self-sustainable, fluid infrastructure of a chosen reality.
14. The courageous participation, through trust in the infallibility of life, of the artistic creation of our journey.
15. Limitless adoration of the endless process of creation as the diverse expressions of Infinite Truth.
16. The confident surrender to the romance of unveiling the exquisite mysteries of life.
17. The clarion tones of the delightful dance of luminous sound.
18. The instantaneous birth of creation, surrounded by glad anticipation and the reverent whispers of glad expectations.
19. The fulfillment of the original fluid destiny, by the open heart travelling on the light-hearted wings of change.
20. Throwing off the cloak of the ages to reveal the eternal light of the gentle presence of the self and its subtle currents of surrender.
21. The cellular supernovas of the cells of awakening gods, creating galaxies into existence.

22. The divine ring of godhood, birthing a new reality with dreams so bright they cannot be contained.
23. The intricate detail of the opulent design of the artistry of time and space.
24. The luminous emergence of the infinite self through the parting of the veils of illusion.
25. The incorruptible innocence of the new birth of a golden-pink, radiant dawn, eternally unfolding upon a never-ending journey.
26. The effortless unmaking of the matrix through the contribution of one-minded and one-hearted unity and integrated expression.
27. The deep peace of a slow and gentle awakening in the radiant light of an innocent dawn.
28. The sacred alchemy of the turning faces of white daisies rolling the disc of the sun across the sky.
29. Divine bringers of glad tidings, holding the fluid space for the exquisite drama of a higher reality of bounty and grace.
30. The immediate genius of alchemical combustion on the stage of mindless space.
31. The exquisite and luminous miracle of Infinite Presence revealing Itself on Earth in ever-increasing wonders.
32. The gentle whisperings and subtle presence of the unshakable harmony of absolute oneness through empathic and telepathic connections.
33. The unending magical revelations of the glory of Source and the sustaining omnipresence of the Infinite in all life forms.
